

# Bighorn Sheep Disease Management Workshop Focused on “Test and Remove”

June 2, 2021, 8:00 am - 5:00 pm MDT

You are invited to a Virtual Zoom Webinar

Register in advance for this meeting:

<https://us02web.zoom.us/meeting/register/tZYuc-mgrDsuGdCg1IS5gY0UmyUJbx04TV-x>

Hosted by Western Association Fish and Wildlife Agencies - Wild Sheep Working Group

Organized by Daryl Lutz and Mike Cox

Introduction/Overview by Kevin Hurley  
Wild Sheep Foundation, Vice President for Conservation

Moderated by Peri Wolff, former Nevada Department of Wildlife Veterinarian, current Wildlife Disease Association Executive Manager and Chair of Wild Sheep Foundation Board

Zoom Chat and Q&A Monitor - Kezia Manlove, Utah State University Professor focused on disease ecology

## Workshop Sessions

- Science and Rationale for Test and Remove - Frances Cassirer and Tom Besser
- State and Provincial Agency Experiences with Conducting Test and Remove Projects
- Case Bighorn Herds: Is “Test and Remove” a tool to manage herds challenged by pneumonia?
- Depopulation - when is it appropriate and necessary? Jurisdictional experiences shared

Strongly encourage engagement from the audience during all sessions
