Send this completed form to Chanda Pettie, LPC Program Director at [chanda.pettie@wafwa.org](mailto:chanda.pettie@wafwa.org). Include geospatial data for the exact location of the proposed development in a linear format as a shapefile (.shp) or GoogleEarth (. kmz). If the development is partially underground, ensure the geospatial data clearly identifies areas located aboveground. WAFWA will reply with an updated enrollment summary ledger once the project has been processed.
