

TAKE FLIGHT 2024

VIRTUAL PARTNERS MEETING

Advancing Western Monarch and
Native Insect Pollinator Conservation

THURSDAY, SEPTEMBER 5, 2024

Arizona Monarch Collaborative

Kim Pegram, PhD

kpegam@dbg.org

Desert Botanical Garden

Kim is the Program Director for Pollinator Conservation and Research, leading DBG's pollinator conservation initiatives that include community engagement and a successful project to propagate and distribute Arizona-native milkweeds to expand monarch habitat statewide. She is a member of the AMC Steering Committee.

Irene Dickinson

idickinson@dbg.org

Arizona Monarch Collaborative

Irene serves as the AMC Coordinator, helping lead the activities of AMC with the many organizations across Arizona committed to furthering monarch conservation. She has experience in pollinator ecology, desert habitat conservation, and public communication.
