Native Insect Pollinator Conservation

THURSDAY, SEPTEMBER 5, 2024

# BLM Partnerships in Pollinator Conservation

**Brad Jost**

[bjost@blm.gov](mailto:bjost@blm.gov)

Bureau of Land Management Headquarters

Brad is a Wildlife Biologist for the Wildlife Conservation, Aquatics, and Environmental Protection Program with BLM HQ, and is based in Boise, Idaho. Brad coordinates conservation practices within BLM, and supports state, district, and field offices as well as partners multi-scale effective habitat management efforts. He contributed to the development of the 2022 BLM Strategic Plan for Pollinator Conservation. Brad has previously worked as the BLM Wildlife and Riparian Program lead in Wyoming, as a Wildlife Biologist in Idaho, and as a Rangeland Management Specialist for the US Forest Service in California.
